Modern renovated chalet in the beautiful Bahia Grande

This beautiful chalet is located in the urbanization Bahia Grande, with many restaurants and shops, just 15 minutes away from Son San Juan Airport. Built in 1996 on a 600 sqm plot over one level and modernized in 2014, this house offers 220 sqm constructed and 150 sqm of pure living space with altogether 3 bedrooms and two bathrooms (one en suite). The bright and spacious living/dining area with open, fully equipped kitchen offers every comfort and on cold days you can relax with a glass of wine in front of the fireplace. The master bedroom with walk-in wardrobe and bathroom en suite is an oasis of well-being and invites you to linger. Two direct entrances, from kitchen and living/dining room lead to the covered terrace as well as to the easy-to-maintain garden and the own pool ensures a pleasant cooling on hot days. During the refurbishment, the best materials were used and there is a parking space for three vehicles on the property.

Bahia Grande or Badia Gran means translated -the big bay-. Bahia Grande is therefore situated in a big bay - directly after Palma - on the steep coast in the south of Majorca. From here you have a gigantic view over the island metropolis Palma and over the whole bay.
