## New detached house with sea views in a good location

These modern, new semi-detached houses are being built on 300 to 400 sqm plots in a still mostly untouched by tourism location and offer on 125 sqm living space a total of 3 bedrooms and 3 bathrooms (two en suite).

A bright living/dining area with open, fully equipped kitchen and direct access to the terrace and the garden/pool area leaves nothing to be desired and invites you to linger. One of the three bedrooms and a bathroom are on the ground floor for guests available.

Another bedroom and the master bedroom, each with en suite bathroom and private terrace, are located on the first floor of the house. The terrace in the master bedroom offers a beautiful partial sea view.

The 40 sqm panoramic roof terrace with beautiful partial sea view is ideal as a relaxation zone.

The garden area is easy to maintain and offers plenty of opportunities for personalization and a private pool.

The idyllic bay of Cala Pi is only a few minutes away. The Caribbean beach of Es Trenc and the village of Lluçmajor are around 15 minutes away by car. We are happy to inform you in detail about this offer in a personal conversation.
